Santa Comes to Poland

Jan. 8, 2005

Dear Michelle York & WGME 13,

Santa comes to Poland would like to thank you for allowing us to come down and get toys for the children in our town.. Your help is greatly appreciated. To see the smiles on the children's faces as Santa calls their names, and passes them their gift and stockings is priceless. Thank you for helping make this year a success .

Dear Stan,

On behalf of the children and families cared for at The Barbara Bush Children's Hospital at Maine Medical Center, I'd like to thank everyone at 107.5 Frank FM for hosting our 2nd annual "Frank Cares for Kids" Radiothon. With tremendous help from your talented team, the three-day 2007 radiothon raised over **\$116,000** for the children's hospital this year! 107.5 Frank fm's continued support truly helps to ensure that quality pediatric medical care is available close to home for children in need.

The telethon not only generates donations from new and existing donors, but serves as an exceptional opportunity to teach the public about the great things going on at The Barbara Bush Children's Hospital at Maine Medical Center.

Near the end of the radiothon, Frank DJ Bill Fox asked Joshua C., age 9, "Why should people call the telethon and support the children's hospital?" Joshua thought for a minute and replied, "Because there are kids here and they want to go home."

He couldn't have said it better!

Many thanks to everyone at 107.5 Frank fm for helping to get these kids home!

Dear Dave & Michelle,

Once again, thank you for organizing your annual Spring Toy Drive to benefit The Barbara Bush Children's Hospital at Maine Medical Center. As always, we were blown away by the generosity of your listeners.

Like you, we believe that nothing is more important than the health and well-being of our children. As a leader in this effort, The Barbara Bush Children's Hospital at Maine Medical Center has made a commitment to providing the best possible medical care for all children in Maine and northern New England.

Often the "best medical care" means the best medicines, trained staff and equipments. But in the case of a children's hospital, "the best" also means making children feel at home while they are in the hospital. And this frequently means toys. Lots and lots of toys!

The toys that your listeners donated were used in Easter baskets, for patient birthday parties, toowwie boxes, as pick-me-up gifts and for hundreds of other uses that help bring a smile to a child's face.

We know that this event has grown beyond a simple toy drive and turned into a multi-day event and we appreciate your continued support of the children's hospital.

Sincerely,

Elliott Pitts

Dear Bob

Thank you so much for, once again authorizing WZID's participation in the annual Kiwanis Charity Auction.

The Auction, held June 2, was an enormous success grossing over \$34,000. It was the most profitable fundraiser ever for our Club largely because of support from community minded businesses such as WZID. The NASCAR Auction and the ongoing publicity on WZID were so very helpful. Mike, always a favorite with the Auction audience, was just great as our "celebrity auctioneer." Vital to the success of the Auction is a fun and entertaining presentation by the auctioneers. Mike fills the bill perfectly. In addition, with a payoff of nearly \$3200, Mike and Nancy's execution of the on-air NASCAR Auction speaks for itself.

Every year the Kiwanis Club of Manchester donates \$60,000 to \$70,000 to a dozen local youth oriented organizations. These dollars truly help make a difference in the lives of *hundreds of kids everyday*. Please accept our sincerest appreciation for the critical role that WZID and Mike and Nancy play in this mission.

Warmest regards

Dear Jordan,

What can I say? You helped us **so much** with the Dinner, running our PSAs on all three stations. We did no print advertising so the radio was extremely effective. I can't thank you enough. I wish you had been there! Next year!

The 3rd Annual Dinner with the Animals was a **HUGE SUCCESS!** With your support and that of many other wonderful organizations and friends this event grew in size and sponsorships. More than that, I want to thank you for not forgetting the incredible work and care given to the over 1,600 animals that come through our door each year.

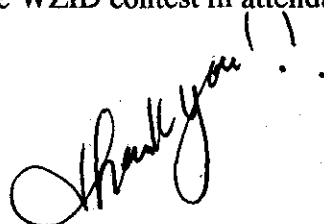

Last year we doubled our sponsorship dollars. This year we **doubled** last year's amount! Attendance topped 240 making this Dinner our best-attended event, with the numbers growing every year. Everyone we spoke with had a wonderful time and plans to return next year. The silent auction alone brought in \$2,505, up about 400% from last year. Brian Kilcommons and Sarah Wilson, our featured speakers were extremely engaging and informative. With their many years of SPCA experience in New York, LA, Florida and other locations, we are hoping they will work as advisors to the board and shelter as we begin the work of building a new and desperately needed facility.

We announced our search for land at the Dinner and are hoping to have that acquisition by the end of the year. Next year will be a very exciting time as we launch a capital campaign with the vision of a new shelter before us. There is much excitement after a very successful 3rd Dinner and a momentum to keep up this energy level.

I apologize that your company's name did not get in the program. My error! But on the podium I thanked your company, immensely for the audio help on all three stations. And it was good to have the winners of the WZID contest in attendance. They were happy!

My best

Dear: Mike Morin

On behalf of myself and the Board of Trustees for the Humane Society for Greater Nashua, I would like to thank you for being a part of our organization's annual fundraising event. The annual walk-a-thon is the Shelter's largest annual fundraiser, and greatly assists in allowing the Shelter to continue to provide excellent service to the community and the animals it serves.

As a sponsor, your contribution was critical in making the event a huge success. The event raised over \$38,000 in gross revenue, and your sponsorship went a long way towards accomplishing this feat.

Again, thank you for your continued support of the Shelter.

Dear Friends,

Thank you for knowing that a wish can teach a sick child that anything is possible... even the future. Your support helps the Make-A-Wish Foundation® of New Hampshire to continue its mission to grant the wishes of children with life threatening medical conditions to enrich the human experience with hope, strength and joy.

The true impact of a wish cannot be valued monetarily. Yet, the Make-A-Wish Foundation® is dependent on generous contributions of individuals and corporate sponsors to provide the funding and in-kind resources necessary to create a unique wish experience for every Wish Child. These contributions provide immense hope for all Wish Children and their families.

Your support through the event at The Palace Theater and donating a total of \$2,200.00 has enabled us to continue the work we began back in 1986. More than 575 children battling life-threatening medical conditions across New Hampshire have experienced their dream come true. The number of requests is continually increasing, and with your support we hope to grant 20% more wishes this year than last.

Thank you for **Sharing the Power of a Wish®**.

Warm regards,

Dear Job Corps Friend;

As you probably know, last week the United States Department of Labor awarded us our New Hampshire Job Corps Center proposal and designated it as the nation's first Homeland Security Job Training Academy. Our federally funded facility will be built in Manchester and is scheduled for a 2010 opening.

The announcement by USDOL, and the supportive comments of Governor John Lynch, United States Senators Judd Gregg and John Sununu, Congresswoman Carol Shea-Porter, Manchester Mayor Frank Guinta and others, referred to the strong community support of businesses and organizations throughout the State who have pledged financial, technical and personal support for this project.

We want to thank you and express our deepest gratitude to you for making a New Hampshire Job Corps Center a reality.

Without your support, we would not have been able to submit the best proposal ever written for a Job Corps Center. Without your backing, we could not have demonstrated the community and business support that was essential to the project.

Now, the real work begins. As we move ahead to prepare the site and build the nation's most modern education and training facility for our emerging workforce, we will keep you informed and engaged in the process. We welcome your suggestions and participation as we develop classroom and curricula.

Again, thank you for your support for a New Hampshire Job Corps Center. Your contribution will help improve the lives and good fortunes of thousands of New Hampshire youth.

Sincerely,

Thanks to your generous contribution the 5th annual Fight to Educate was a total knockout! We are pleased to report that the event raised more than \$50,000 this year that will directly benefit children in New Hampshire.

Your partnership and commitment to the 5th annual Fight to Educate benefited three wonderful organizations serving children in our community, the SEE Science Center, HEAR in NH and the Bobby Stephen Fund for Education.

The Fight to Educate team is very grateful for your support and looks forward to your continued assistance as we endeavor to make our community a better place.

Dear Mr. Garon:

Thank you for allowing Kerri Boyd, your Marketing and Promotions person, to come speak to my Introduction to Communication class a couple of weeks ago. Kerri was extremely informative about the radio business and gave the students plenty to think and talk about the next class meeting. We ended up having a very engaging conversation in both sections regarding positions and earning potential.

Many times guest speakers come into my class and because they have been out of school for so long they are too removed from the students. This was certainly not the case with Kerri. She was a very credible speaker due to just recently graduating from college herself. The students related to her choice of topics extremely well.

I would encourage you to use Kerri as your public relations spokesperson. She is a natural for your industry and you should be proud to have her representing your station.

Thank you again for allowing her the time away from work. It was time well spent for all of us. I look forward to asking her back next semester.

Sincerely,

Hi Nancy,

Thank you and all your co workers for all they have done for Mike's family. It certainly helps with our anguish when we see the outpouring of care from our fellow citizens. I am sorry I was not able to get down there. The ride was truly great and yes life does change quickly. I really enjoyed riding and talking with you as well. It helps a person to appreciate the finer moments. We talked about the close bonds and I mentioned the atmosphere at the PD was similar to the military. I remember whenever there was a tragedy with the loss of our one of our service members we would all come together and share our grief. The same emotions are expressed here at the MPD. You sometimes take for granted the friendships and spend little time reflecting on how strong the bonds are until something as terrible as this happens.

Thank you again for all you have done and please express my gratitude to everyone down at WZID

Hi Kevin,

I wanted to express my condolences to you and all of your colleagues over the death of Officer Briggs. We went from such a glorious day at the mounted unit benefit ride to such complete sadness over the news of Officer Briggs only a day later. It really makes you stop and think how quickly life changes, and how thankful I am to have shared that trail ride with you and the rest of the crew. There we were, plodding along in the woods and talking about the Marine Corps, and the Air Force, and missing the closeness and bonds we develop with our fellow service members. I know that you must feel a deep sense of loss, and I wanted you to know how truly sorry
